# Disciples in Healing

*2010 Course of Study:*

## **Healing of the Mind**

- For those in the healing ministry seeking to further develop their own spiritual gifts
- For those looking for a more powerful anointing of the Holy Spirit
- For those desiring spiritual counsel and direction in their healing ministry
- For those who want a deeper Biblical understanding of the power and person of the Holy Spirit, and the many gifts of healing
- For those looking for an interdenominational community of healing
- For those wanting hands on training and personal instruction in all aspects of healing ministry

### Four Components of Disciples in Healing

#### 1. Teaching and practical instruction

Each semester you will receive a CD of practical teaching in the healing ministry, as well as teaching on the Bible, and the Spiritual gifts of prophecy, discernment, deliverance, intercession and more. The CD will come with a study guide with “questions for reflection.”

## 2. Personal counsel and direction

As you engage in the teaching on CD, your reflections on the material will be emailed to Josh. He will provide personal guidance and counsel in his responses. He will seek to be an encourager for you as you pursue this ministry

## 3. Gathering for learning and healing prayer

Each semester will include one six-hour session of teaching and hands on instruction, as well as time for individual healing prayer with Josh. These sessions will be held once every six months (one per semester). Gatherings will be held in Flower Mound, Texas (Dallas Area), Rancho Bernardo, California (San Diego Area) and Yuma, AZ.

## 4. Serving in ministry

As you complete the first semester of Disciples in Healing, you will be invited to serve on a prayer team at a Desert Call Conference near you.

Cost of \$50/person per Semester (2 semesters per year), includes a CD, Study Guide and One Healing Day led by Josh Acton
